

Through 'Pet Therapy' sessions we have been learning how to be Safe, Healthy, Achieving, Nurturing, Active, Respectful, Responsible and Included. February 2019

Staff comments:-

Ella demonstrated a very nurturing approach towards Mollie during her time in nursery. Well done Ella ☺

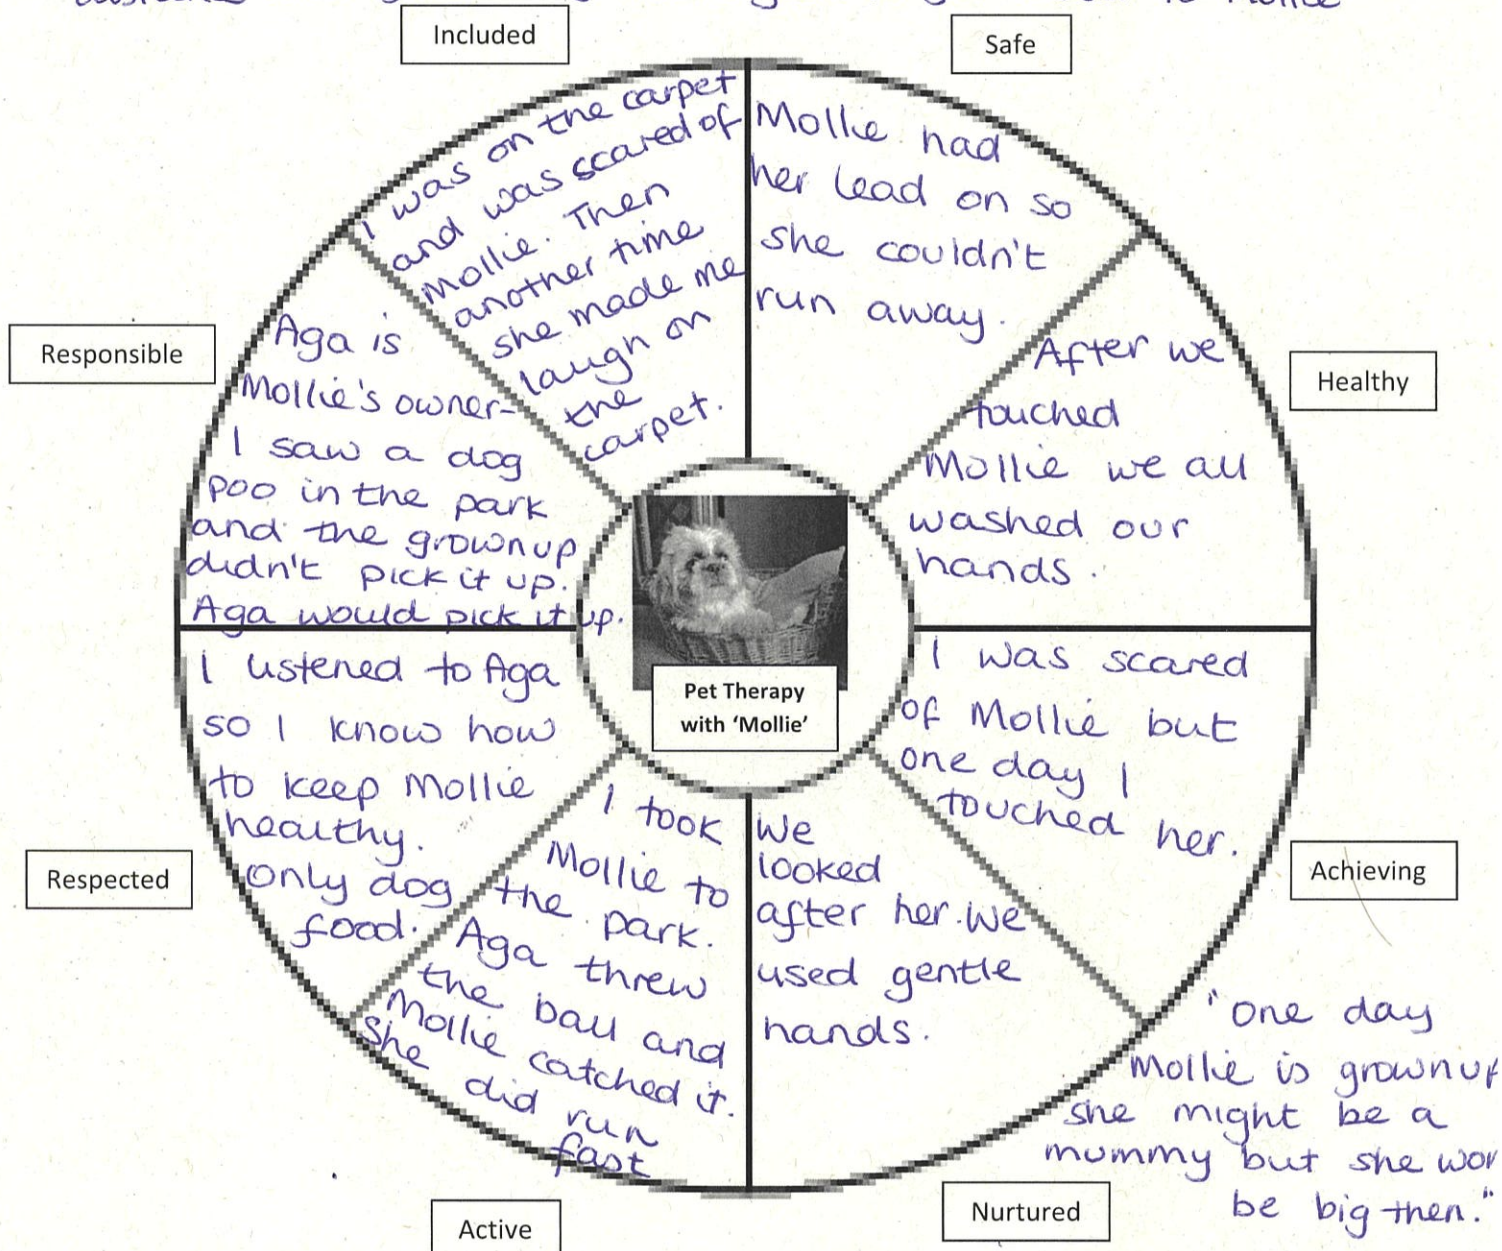

Parent comments:-

Ella has had a couple of incidents with dogs in the past which has left her scared and anxious. With having Mollie in the nursery it has given her the chance to become more confident and enjoy the experience. She has talked about Mollie alot at home and has looked forward to seeing her more!

Through 'Pet Therapy' sessions we have been learning how to be Safe, Healthy, Achieving, Nurturing, Active, Respectful, Responsible and Included. February 2018

Staff comments:- Theo was very scared of dogs. He gained confidence around Mollie very quickly and developed strategies to cope with his feelings. He watched from a distance and gradually managed to get closer to Mollie

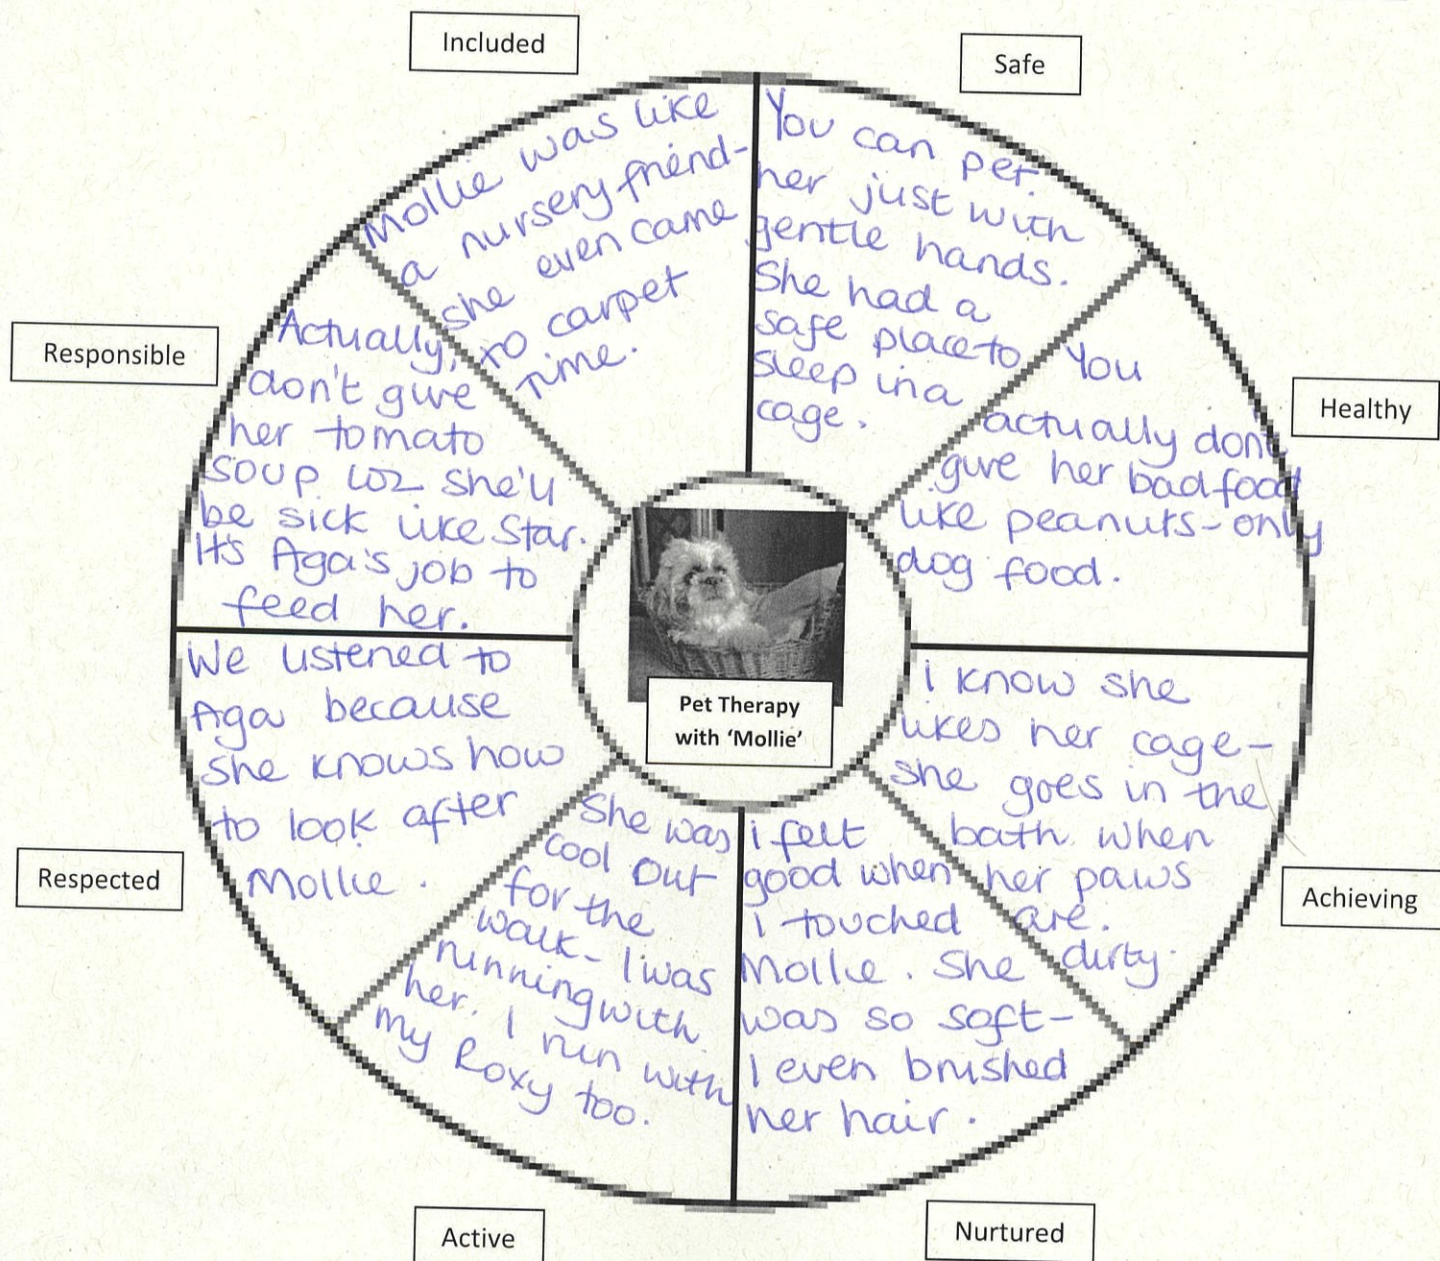

Parent comments:-

We were so pleased to hear that Theo enjoyed meeting Mollie. Mollie is the only dog he likes! He is still very afraid of other dogs, but hopefully his confidence will grow. Thank you for helping Theo have a positive dog experience!

Staff comments:- leo already knew about caring for dogs because he looks after Roxy and Star. He was confident and gentle around Mollie.

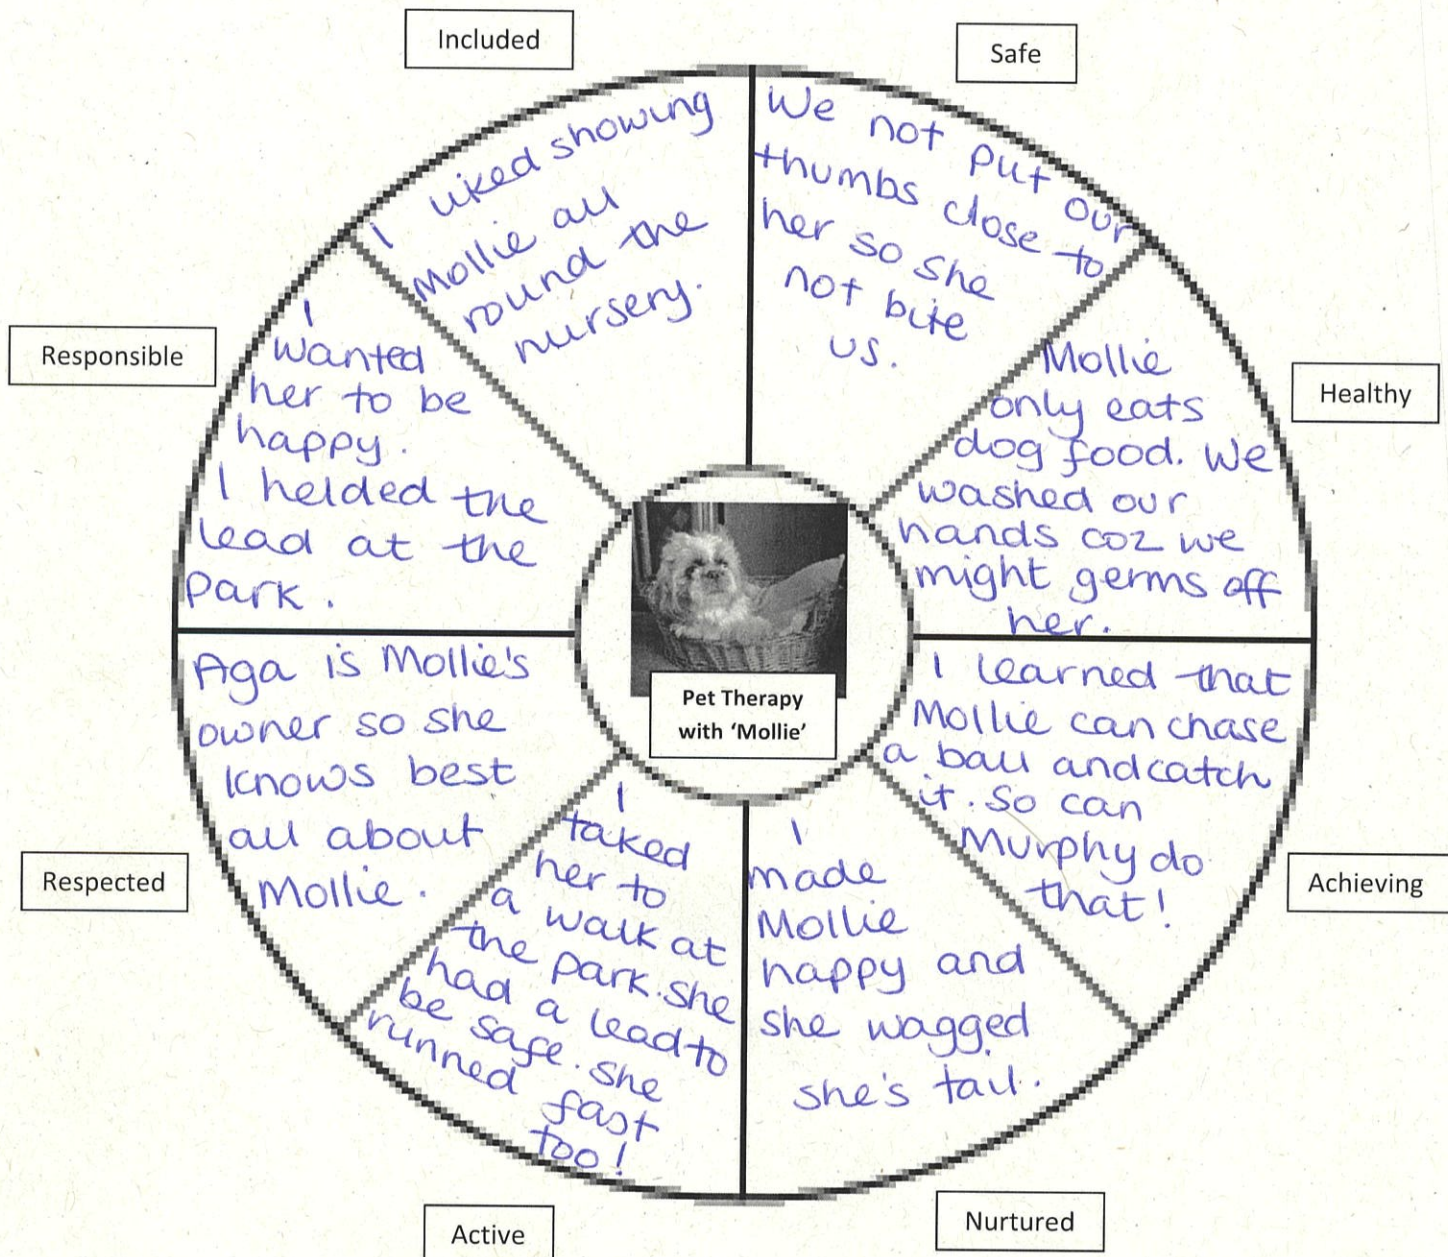

Parent comments:-

Leo loves walking with the dogs. He enjoyed spending time with Mollie. I am very proud of the way Leo treats our dogs and Mollie.

and Included. February 2018

Staff comments:- 122y knew about looking after a dog because she looks after Murphy. She was very kind and caring towards Mollie. :)

Parent comments:-

Izzy has really enjoyed this learning. She shares what she has learned at home and we play vets too. Murphy has been a very patient patient.
